IDShield is the most comprehensive identity protection and restoration product available.

Now Available
3 Bureau Monitoring!

Safeguarding your identity has never been more important. Nearly 500,000 cases of identity theft were reported in 2018--an increase of nearly 20% over the previous year.¹ IDShield is a comprehensive identity protection plan with proprietary features that go beyond other plans in monitoring your personal data, and restoring it if a data breach occurs.

Protecting Your Bottom Line with IDShield

IDShield is the most comprehensive identity protection and restoration product available. Our basic service monitors your TransUnion credit report and triggers an alert when your personally identifiable information (PII) appears on a credit check – giving you a chance to review potentially fraudulent activity.

Now with 3 Bureau Monitoring!

One credit bureau isn't always enough. Financial activity can be found on anyone's credit report, but not all creditors and businesses report to the same credit bureau. By watching all three major credit bureaus, IDShield's 3 bureau credit monitoring eliminates these gaps to give you a comprehensive view of your valuable credit standing.

Best In Class Monitoring

We monitor your identity from every angle, not just your Social Security number, credit cards and bank accounts. With High Risk Application and Transaction Monitoring, we check to see if the details connected to your identity are safe. If any change in your status occurs, you'll receive a push notification or email alert immediately.

Live Support 24/7

Our identity theft specialists are ready to offer consultation services. They are available to walk you through your issues with one-on-one advice tailored to your specific issue, and always available in the event of an identity theft emergency.

\$1 Million Protection Policy

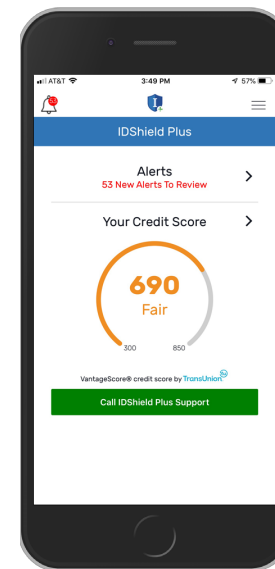

IDShield provides a \$1 Million Protection Policy, provided by a leading national carrier. This covers costs incurred as a result of identity theft – such as lost wages, travel expenses, elder and child care, initial legal consultation and certified public

accountant costs.

Unlimited Service Guarantee

IDShield is the only company with Licensed Private Investigators who will immediately get to work restoring your identity should a compromise occur. We'll do whatever it takes, for as long as it takes to resolve the issue.
